## Event Details

### About This Seminar

The TMS Mentor Program aims to connect experienced mediators with newer or aspiring mediators for a year-long mentorship. The program involves offering mediation shadowing opportunities, at least two meetings for advice and training, and networking opportunities to grow a mediation practice.

The Mediation Society is inviting you to attend a one-hour panel discussion on **First Steps to Becoming a Mediator**. The event will provide a detailed inside view of the mediator's role and resources available for those considering the profession.

The panel features **Emerita Alvarado**, the ADR Program Administrator for the Alameda Superior Court, who will discuss Alameda County mediation and other ADR programs. Experienced mediators **Paul Garrison**, **Dolores Dalton**, and **Daniel Riviera** will also be on the panel.

**An RSVP is required to attend.**
